

Reception Package

Datasheet

- Welcome your visitors with a lively screen display.
- Promote your company's latest achievements or best-selling products.
- Change on-screen content at the click of a button.

Welcoming your visitors with a reception screen is a great way of providing a first impression of your company. Whether you want to inform or entertain your visitors – there is a world of unlimited possibilities. Showcase company data, highlight your company's latest achievements or award-winning products, run a corporate video, display the latest news and weather forecast or connect to social media.

Combined with a media player and content management system, professional digital signage screens will put an end to static, lifeless posters stuck to walls. Tailor design and content to your needs. The systems are easy to use, scalable and with our consulting and installation service you'll never walk alone.

LED Displays available from 43" screens make sure you get your message across even in large reception areas. Choose from our packages the one that best fits your requirements and benefit from a cost-efficient way of advertising.

Together Information is Toshiba's vision for how people and organisations create, record, share, manage and display ideas and data.

It is based on our belief that the most successful organisations are those that communicate information in the most efficient way.

We make that possible through an integrated portfolio of industry-specific solutions, all of which reflect Toshiba's commitment to the future of the planet.
